

Barack Hussein Moses~Obama is not "the one" you're looking for. He may look good on the surface but his black beauty is only skindeep. On the inside beats the heart of a dangerously aggressive white man who will not lead you to the Promised Land and green pastures flowing with milk and honey, cannot solve Global Climate Change. In his wake you will surely die a drowning death, drowning in all that political mumbo jumbo (Democratic talking points) he has dished onto Recession-Starving citizen's hungry people's Chinaplastic plates.

Obama is a whitey caucasian world-class opportunist, a man hiding under a black sheep's Harvard wool coat, capable of beating John Wayne hands down in a fist fight by pretending to be Black, while what he really is is an Anglo-Saxon carrying a Swiss Army bag of tricks that all cut both ways, a white devil with black skin the better to fool you with my dear as he takes America to lunch. Obama only married a beautiful, sexy and talented Black woman as part of his devilish ruse.

**This is how the real Devil called Satan works =>** he pulls the wool over everyone's eyes ahead of anything Good happening on this planet. The Devil always throws up a worldwide smokescreen prior to something Good happening because it is a winning political strategy bar none in man's history.

If this Obama~Moses was something Good from God the Devil would have used the same smokescreen tactic he used before the real Moses, before the real Jesus, before the real Saint Anybody who really walked down off a mountain carrying new law or wonderful revelations from the true God of heaven and earth to us the hopeless, to us the starving, to us the epidemic disease afflicted, to us in desperate need thirsting for God's real kingdom to take Power over all Earth's affairs. The real Moses caused an earthquake; can Saint Obama stop one? No!

Barack Obama is therefore I submit this day of 8/04/2008 a fraud and impostor, as false a prophet has ever run for the United States Public Office presidency and antireligious Christ-belialying zealot mocking all Christian believers - who will probably be elected the next President of the United States of America come this November 2008 by running on his withdraw-the-troops Peace ticket promising to stop the war machine of John McCain that we all know must win this race and provide us the same level of protection we have received so far.

Obama is plenty qualified for the Oval Office, DC hey Bob let's go get laid job... after having run one of the biggest spare-no-expense TV+Internet campaign cons in American History. Try not to scrub your nose on the floor when bowing. Do not be taken in by his basket filled to overflowing with undeliverable promises. It is just another shellgame tactic from a younger Prince of Darkness albeit a good trick somehow having two adorable children by a deceptively curvaceous Eve.
